

“Say It With Style”

Voki Activity

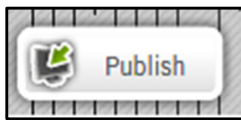

1. Access the Voki web site at <http://www.voki.com>.

2. Create and then validate a Voki account. (3 points)

3. Create a Voki, or talking character, for your Multimedia wikispace - one that provides visitors with a welcome and/or informative message about your web site. Be sure to include the following: (10 points)

- Customize your Voki to look like you or have it assume the identity of another character (animal, alien, etc.).
- Give your creation a voice by using the text to speech feature, or you can add a recording of yourself speaking by utilizing the microphone option.

· Be sure to choose a background and player that best complements your Voki.

4. Once you are satisfied with your project, click the “Publish your Voki” button located on the workspace.

5. After publishing your Voki, embed it to the navigation bar of your wikispace for all the world to see!

Publish this Voki directly to your site

Select the size of the player to embed in your site:
Medium (200 x 267)

Then grab your code and place it on your page!

Post Bookmark

Embed code:

```
<object height="267" width="200"
  type="application/x-shockwave-flash" data-src="http://www.voki.com/flash/voki.swf"
  id="voki_player"></object>
```

Or, get your Voki link here:

Select newly created URL

copy this link and paste it on your browser's address bar.

Please select your newly created URL

Be sure to choose the size of the player.

Copy the embed code and paste it into a widget on your wikispace. (5 points)

FYI: Voki is a combination of "vox", which is Latin for voice, and "Loki", which is a prankster character in Norse Mythology. 😊
